Crystal Bath Experience Multi-Pure

The Multi-Pure Crystal bath ball is used for de-chlorinating bath water.

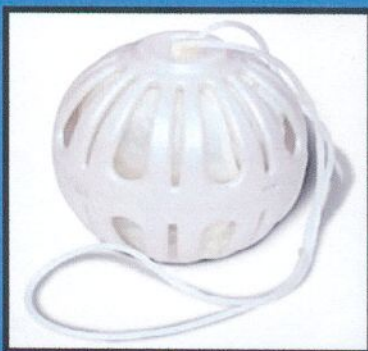

- Requires no plumbing attachment. It works right in the tub.
- Removes 90% or more of total chlorine for a healthier bath.
- Lasts: 200 baths or one year
- Healthier, younger looking skin.
- Relief from dry skin
- Chlorine is removed quickly when the Crystal Ball is circulated through the bath water.

It has performed well in independent lab tests; and is used & recommended by allergists & environmental doctors nationwide. This is great for driving local and out of town. Adaptor for use in home available.

Price: \$274.00

Replacement Cartridge: \$64.00

Weight: 9lbs

Dimensions: 9' X 7" X 16"

Letter from the President

Once again winter is here and we have something special. Is the temperature and moisture affecting your health? Our units will help you with what ever you need.

E.L Foust Co., Inc. is dedicated to providing products and services that help you live a healthier life. One of our most popular products are the Foust Air Purifiers that are designed specifically for people with allergies, asthma and multiple chemical sensitivities. Although the majority of our orders derive from our air purifiers, there are still many people out there who have not tried them. If you refer someone to us you will receive a 10% discount coupon toward your next purchase.

Just a reminder to all of our customers DHL is no longer providing service and will not be shipping or delivering. If you have a DHL EZ return label E.L. Foust will be replacing those labels. Just call our office and we will re-send a FedEx or Spee Dee EZ return label. Effective 1/1/2009, shipping costs have increased 6 percent. If you have a question about shipping, please give us a call.

On another note, due to the rising cost of steel as well as other raw materials, we regret that we had to raise the prices on our units and also on AFM products. Please contact us for details at 800-353-6878.

We have tried to stress the importance of returning your used cartridges, and we even supply free return shipping labels to facilitate these returns. In helping us you will receive a \$15 refund for your used cartridges.
Don't hesitate to ask us any questions!

Changes for the new year at E.L. Foust

As of January 1, 2009, Elmhurst, Illinois tax rate has increased from 7.5% to 8%.

E.L. Foust Co. Inc. wants to help out Illinois customers when they buy from us. We have written to the State of Illinois requesting a tax exemption or lower tax rate for Illinois residents who order our air purifiers, replacement filters and media trays. E.L. Foust will keep customers posted on any change made.
